TRA Design is a leading architecture and interior design firm located in downtown Cincinnati with unique talents and a broad range of portfolio work. TRA Design is a certified Small Business Enterprise (SBE).

We provide full service architecture and interior design services for the corporate, multi-family, hospitality and entertainment markets. Our team of professional architects and designers are constantly seeking ways to improve a design and flex their creative muscles while also actively contributing to our fun and unique office culture. It is because of our dynamic team that we are able to provide exceptional design work for our clients while also meeting our own high expectations.

TRA Design is looking to add an experienced Architectural Designer to participate in these efforts.

In addition to possessing a passion and skill in translating clients goals into the built form, TRA Design is looking for a candidate that also has the following work ethic: team oriented, a curious mind to always learn, self-motivation, strong organizational skills, and enjoys working in an open office environment.

Specific responsibilities include but are not limited to:

- CAD and REVIT support of the following
    - Prepare Preliminary Design Concepts
    - Work with design team members in developing design concepts
    - Develop Construction Documents under the supervision of an Architect
    - Assist in maintaining the CAD and REVIT Block Libraries

Skills

- AutoCAD; REVIT
- MS Office Suite
- Adobe Creative Suites
- Verbal and written communication skills
- Understanding of elevations and details
- Understanding of Construction Documents

Submit Resume and Portfolio for consideration to Tony Ravagnani at tony@tra-design.net
Compensation will be based on level of education and experience.
